17. If <17 years of age: Are you currently taking aspirin or any aspirin-containing products?		<input type="checkbox"/>	<input type="checkbox"/>
18. Are you pregnant, planning to become pregnant, or breastfeeding?		<input type="checkbox"/>	<input type="checkbox"/>

Informed Consent:

Patient Name: _____ **DOB:** _____

Emergency Use Authorization: The FDA has made certain vaccines (ex. the COVID-19 vaccine) available under an emergency use authorization (EUA). The EUA is used when circumstances exist to justify the emergency use of drugs and biological products during an emergency (such as the COVID-19 pandemic). This vaccine has not completed the same time of review as an FDA-approved or cleared product. However, the FDA’s decision to make the vaccine available under an EUA is based on the existence of a public health emergency and the totality of scientific evidence available, showing that known and potential benefits of the vaccine outweigh the known and potential risks.

Consent: I certify that I am: (i) the Patient and at least 18 years of age; or (ii) the patient’s personal representative. I consent to, or give consent for, the administration of the vaccine(s) marked on this consent form by a Giant pharmacist. Where applicable and accepted by state regulations, I consent to my vaccine being administered by a Giant pharmacy intern or technician. I acknowledge I have the right to ask for a copy of the Giant Notice of Privacy Practices. I have read, or have had read to me, the Vaccine Information Statement (VIS) or EUA Fact Sheet for the vaccines indicated on this form. For COVID-19 Vaccine: I have been provided and have read, or had explained to me, the patient fact sheet corresponding to the COVID-19 vaccination given to me (or the person named above for whom I am authorized to make this request and provide surrogate consent). I understand that if a vaccine requires multiple doses, multiple doses of the vaccine will need to be administered (given) in order for it to be effective. I have been given the opportunity to ask questions which were answered to my satisfaction (and ensured the person named above for whom I am authorized to provide surrogate consent was also given a chance to ask questions). I request that the COVID-19 vaccination be given to me (or the person named above for whom I am authorized to make this request and provide surrogate consent). I understand the benefits and risk of vaccination, and I voluntarily assume full responsibility for any reactions that may result. I have had the opportunity to ask questions, all of which were answered to my satisfaction. I understand the benefits and risks of the vaccine(s). I understand that I should remain in the vaccine administration area for at least 15 minutes and may need to remain for 30 minutes (if required based on answers to screening questions above) after the vaccination to be monitored for potential adverse reactions. I consent to the emergency administration of epinephrine and/or diphenhydramine, if necessary, to treat an adverse event following vaccine administration. I understand if I experience side effects that I should do the following: call the pharmacy, contact a doctor and/or call 911. I understand that if I experience any side effects, it will be my responsibility to follow up with my physician at my own expense. I understand that any monies or benefits for administration the vaccine will be assigned and transferred to the vaccinating provider, including benefits/monies from my health insurance plan, Medicare, Medicaid or other third parties who are financially responsible for my medical care. I understand that Giant Pharmacy may be required to or may voluntarily disclose my health information to my Primary Care Physician (if I have one), my insurance plan, health systems and hospitals, educational institutions, manufacturers, and/or state or federal registries, for purposes of treatment, payment, or other health care operations (such as administration or quality assurance). I also understand that Giant Pharmacy will use and disclose my health information as set forth in the Notice of Privacy Practices, a copy of which can be obtained in-store, online, or by requesting a paper copy from the pharmacy). I hereby release Giant Pharmacy and its parent, subsidiary and affiliates, and its officers, employees, and agents, respectively, from any and all liability that might arise from this vaccination on behalf of me, my heirs, and personal representatives.

**Additional Vaccine Administration Screening Questionnaire/Customer Information
During COVID-19 Community Transmission**

To help protect customers and associates during any period of declared COVID-19 community transmission, we are asking that all customers complete the following additional screening questions prior to being evaluated for vaccination need and administration.

We require customers to wear a face mask (*at minimum a disposable, ear loop surgical mask*) during the entirety of the vaccination process during any period of declared COVID-19 community transmission. If you do not have an appropriate face mask, one will be provided to you at no charge. If you have any condition that prevents you from wearing a mask, please alert the pharmacist and discuss deferring the vaccine administration until a time when there is no community transmission of COVID-19.

Please answer the following questions	Yes	No
1) Within the past 3 days, have you experienced fever or chills?		
2) Are you currently experiencing any of the following symptoms? <ul style="list-style-type: none">• Cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, or diarrhea		
3) If you have recently experienced any of the above symptoms, have they gotten worse/remained the same, and has it been less than 10 days since they first appeared?		
4) In the past 14 days, have you had close contact with any person with confirmed or suspected active COVID-19 infection?
