

**May 13, 2022**

## **Facts and Frequently asked Questions**

For your health and safety and for the health and safety of our residents and staff, Keswick follows stringent infection control measures and has in place all policies and procedures required by Federal and State agencies. Keswick has also instituted a Visitation Policy that reflects the current Federal and State regulations.

### **Status of Visitation on the Keswick Campus: Keswick is in Outbreak Status**

Please remember that each visitor is part of the Keswick community, and we are relying on you to practice all infection control measures that Keswick has put in place for your safety, the safety of your loved one and the safety of the entire campus community. Please be mindful that your interactions outside of Keswick directly impact your loved one and all of us on the Keswick campus.

Unfortunately, **COVID is not over. We must remain vigilant.** If you plan to visit the campus, we strongly recommend that you are vaccinated and have received the booster and, continue to follow all the recommended infection control measures listed above.

### **Current Keswick Campus COVID-19 Status:**

**All staff, volunteers and vendors are fully vaccinated.**

- **Keswick has five positive COVID-19 staff cases.**
- **Keswick has seven positive COVID-19 resident cases.**

### **Visitation: The campus is open for visitation.**

**When you are visiting your loved one at Keswick, we implore you to:**

- Remain fully masked at all times while on campus and encourage your loved one to be masked, if possible;
- If you are in your family member's room and you are all vaccinated, you may remove your masks, although this is highly discouraged. If someone in the group is unvaccinated, then masks must be worn.
- Refrain from physical contact with your loved one;
- Avoid eating or drinking while visiting;
- Wash your hands thoroughly and frequently; and,
- Practice social distancing.
- Infection control measures must be followed at all times for the safety of our community.

**Masks & Other PPE:** Staff members and vendors (when the regulations allow them to be on campus) are masked and direct care providers have additional personal protective equipment (PPE) as required.

COVID-19 Cases since the Beginning of the Pandemic in March 2020 – Keswick has had a total of 282 people who have tested positive for COVID-19 since the start of the pandemic, of which 111 have been residents and 171 have been staff members. We are saddened that 38 of our positive COVID-19 residents have passed away. We offer our condolences to their families and friends.

**Covid-19 Surveillance Testing** – Keswick follows all federal and state regulations regarding mandated Surveillance Testing for COVID-19 for residents and staff.

**Meals for Guests** Keswick is unable to provide family meals for purchase as we have done in the past. For your dining pleasure, there are many wonderful food options across the street at the Rotunda, down the street at the Giant Shopping Center and four blocks down on 36<sup>th</sup> Street in Hampden. We hope you enjoy the local restaurants in our community.

### **Pet Policy**

Pets are allowed on the Keswick campus. Pets must be registered with security, having up-to-date vaccine and shot paperwork on file at Keswick. Pets are not allowed in the building without required paperwork.

## **IMPORTANT - Additional Visitation Information:**

- ✓ If any visitor does not show proof of vaccination all visitors and the resident are required to wear a mask and social distance.
- ✓ Keswick will not require proof of vaccination; however, only those who present confirmation of vaccination will be allowed to visit with fully vaccinated residents under these guidelines.
- ✓ Those visitors without vaccination confirmation will be required to remain fully masked and remain socially distanced while visiting their loved all visits.
- ✓ We are unable to take a verbal report on vaccination to allow visitation without masking or social distancing.
- ✓ CDC guidelines allow visitation without masks and social distancing – for both indoor and outdoor visits as long as all visitors and the resident are fully vaccinated. Fully vaccinated means it has been a minimum of two (2) weeks after the second dose of a Pfizer or Moderna vaccine, or two weeks after a dose of the Johnson & Johnson vaccine. If the visit is within the two-week post-dose time-period, then masking and social distancing must continue.

**Stress Reduction & Other Life and Well-Being Resources** – Please take advantage of any or all of these resources as needed on our YouTube Channel, <https://www.youtube.com/channel/UCeTK7wQU9OWEVN-vRTvIVfQ> and our website resource page, [www.ChooseKeswick.org](http://www.ChooseKeswick.org).

**Paperwork** – All necessary in-person paperwork processes including contracts for the admissions office as well as paperwork, payment and related items for the business office can continue to take place between the hours of 8:30am and 4pm, Monday through Friday. All transactions will take place in a designated area off the lobby.

**Food Delivery & Laundry** - Families may deliver food to the campus for your loved one. You may also order food for delivery from restaurants to your loved one but all payment for food delivered to residents needs to take place when ordering, not upon delivery. Families may also handle the laundry for their loved one.

**Request to Families** – We ask that you refrain from calling the Nurses Stations unless you are returning a call from our clinical staff and stay in touch with your loved one's Responsible Party of record, as that is the person with whom Keswick is communicating. Our staff cannot answer any specifics related to those impacted by the COVID-19 virus not related to your loved one.

**The Family Hotline is No Longer in Service** – If you have a question or concern, please resume the normal line of contact to reach your loved one or staff member.

We are grateful to our caregivers here on the campus that are providing exceptional care to our residents and we appreciate your continued support, patience and understanding at this time. Please stay safe and well. Thank you.
